1.4.3 UNIVERSITY OF GOUR BANGA GENERAL REPORT

Mission of the University

Gour Banga University has been established by the state Government of West Bengal in 2008 vide West Bengal Act XXVI of 2007 in the ancient land of "Gour Banga" as a multi-disciplinary, research led institute of global stature in order to provide the world-class education to students from all strands of society of three underdeveloped district of West Bengal i.e. Malda, South Dinajpur & North Dinajpur. The University aims to disseminate and advance knowledge and skill by providing instructional, research and extension of facilities for learning and promotion of:

- Innovations in education leading to restructuring of courses, new methods of teaching, training and learning, blended learning, continuing education and such other nodes and integrated and wholesome development of personality.
- Studies in various disciplines.
- Inter disciplinary studies\national intimation, secularism, social equity and engineering of international understanding and ethics.

Knowledge is the path to freedom. Political freedom; freedom from repression and coercion; freedom from want and hunger; freedom to seize opportunities and realize dreams; freedom of expression and personal development; indeed the full range of freedoms that characterize the human ideal, all are made possible, strengthened and deepened by the acquisition and application of knowledge. The University of Gour Banga is contributing and will continue to contribute to the process of creating and disseminating knowledge, cementing the path through which individuals and communities both within and outside India can realize and exercise these universal freedoms. The University is dedicated to the discovery, development; organization, preservation, dissemination, and application of knowledge in a wide range of fields with the purpose of expanding the scale and scope of human understanding and contributing to the betterment of the world. Committed to excellence in teaching, research and service, the University will serve the higher education needs of this Gour Banga and the world beyond.

The motto of the University as engraved on its emblem is "Charaiveti". It is an aphorism from the Aitareya Brahmana, which means "Go on". A powerful and potent word, in true Upanishadic style it exhorts us to move on and keep going. So also the University. From its very inception, it dedicated itself for the betterment of its student.

The University has a strong emphasis on leadership, responsibility and service to society, including a focus on the skills required to manage and lead public institutions, commercial enterprises and organizations in civil society. Its interdisciplinary focus is preparing its students not only to specialize in specific disciplinary areas but also to develop a broad-based learning foundation that incorporates a range of academic disciplines including the sciences and social sciences, humanities, and the education. Supporting, fostering and encouraging a range of research, scholarship and creative expression and the integration of teaching and research are vital aspects of the University's mission.

OFFICE OF THE PROGRAMME CO-ORDINATIOR

2.1 NATIONAL SERVICE SCHEME

The National Service Scheme (NSS) is an Indian government-sponsored public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India. Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year, 1969. Aimed at developing student's personality through community service, NSS is a voluntary association of young people in Colleges, Universities and at +2 level working for a campus-community linkage.

After independence the University Grants Commission, headed by S. Radhakrishnan, recommended the introduction of voluntary national service in academic institutions. This idea was again considered by the Central Advisory Board of Education (CABE) at its meeting in January, 1950; after examining the idea and the experiences of other countries in this field, the board recommended that students and teachers should devote time to voluntary manual work. In the draft first Five-Year Plan adopted by the government in 1952, the need for social and labour service by Indian students for one year was stressed. In 1958 Jawaharlal Nehru, in a letter to the chief ministers, considered the idea of social service as a prerequisite for graduation. He directed the Ministry of Education to formulate a suitable scheme for the introduction of national service into academic institutions.

Objectives:

The programme aims to inculcate social welfare in students, and to provide service to society without bias. NSS volunteers work to ensure that everyone who is needy gets help to enhance their standard of living and lead a life of dignity.

Major objective of this unit was to extend free service to the society considering some of the social issues which need to be addressed. Blood donation camp, different awareness programmes like Dengue awareness programme, traffic awareness, safety measures from river bank, tree plantation, cleaning programme etc.

3.3 DEPARTMENT OF BOTANY

The post graduate Department of Botany of the University of Gour Banga started its journey since January, 2012, with three faculty members and twenty students under a two-year-four-semester system. Two years M.Sc. in **Botany** with three areas of specialization in Cytology, Molecular Genetics, Cell Biology and Plant Biotechnology; Microbiology and Microbial Biotechnology, and Plant Physiology, Biochemistry and Molecular Biology. Ph.D. Programme will start from January, 2015. Besides, arrangement of more experimental setup is under progress to run the laboratories in full swing.

3.4 DEPARTMENT OF CHEMISTRY

The Department of Chemistry is a full-fledged Department of this University having five Permanent Faculty Members and forty students in each semester. In the Chemistry Department at University of Gour Banga, we seek to explore and to expand the frontiers of modern chemistry. Department of chemistry offers excellent education and strive to provide a completive, yet inspiring and supporting environment for our student, faculty and visitors. The Department has a very strong commitment for obtaining and maintaining state-of-the-art instrumentation facility. Chemistry Department is planning to tie-up with industrial laboratories to get opportunities for the development of new technologies and Academy-industry entrepreneurship. We provide an opportunity for exploring job to our students by inviting various pharmaceutical companies for campus drive program. Presently two DST sponsored research project (Around Rs. 63 lakhs) are going on at the department with two full time research scholars.

The Department of Chemistry offers several seminars/special talks throughout each academic year. Speakers from various institute of our Nation visit and give talks in all areas of chemistry and interact with our students. In addition, Department of

Chemistry Conducted two days Workshop funded by the three Science Academies of India; namely Indian Academy of Sciences, Bangalore, Indian National Science Academy, New Delhi and The National Academy of Sciences, Allahabad, entitled "*Advances in Chemistry Education and Research*" on 23th & 24th July 2015 at the Department of Chemistry, University of Gour Banga, Malda where more than 150 faculty members/researcher/students have participated from various institutes. Department of chemistry also conducted *National Symposium in Chemical Science* held on March 2016, funded by University of Gour Banga, Malda.

3.5 DEPARTMENT OF COMMERCE

The PG Department of Commerce of this University UGB started its M.Com course from January 2012 onwards. At present there are two full-time faculty members and ten students in each semester. Teachers and Students of this Department take parts in various Academic Programmes. The department has also added a new feather in its crown by starting Ph.D. programme in the year 2012.

3.6 DEPARTMENT OF COMPUTER SCIENCE

The Department of Computer Science commenced its academic journey in 2012 with an initial cohort of 20 students. The department is currently staffed by three assistant professors: Debasmita Saha, Dr. Abu Sufian, and Farhana Sultana, who is the current Head of the Department. The department has successfully established a project laboratory and a programming language practice laboratory, and it also boasts a smart classroom.

Students in the department are actively engaged in projects related to Data Mining, Natural Language Processing, Image Processing, and Android app development. Notably, they are involved in research projects focused on Deep Learning, Computer Vision, and their applications in healthcare and combating Deepfake technology.

To broaden their knowledge and enhance their communication skills, the department organizes seminars, workshops, special lectures, and symposiums each semester. Students from the department have qualified in prestigious examinations such as

NET, SET, and GATE, and many are pursuing Ph.D. programs at esteemed institutions like the University of North Bengal, Visva-Bharati, and IIT Guwahati.

Passed out students of the department have secured positions across various sectors, including education, banking, healthcare, DRDO, and the IT industry. The department is committed to continually improving the quality of education and actively encourages local students to pursue studies in this technical field.

3.8 DEPARTMENT OF EDUCATION

The Department of Education, UGB, had started its academic journey from the very beginning of the University. Initially it had only three faculties and 50 students in one semester. Now it is a full-fledged department with six faculties and an intake of 75 students in each semester. The Department offers P.G. courses with four special papers - Educational Technology, Teacher Education, Guidance & Counselling and Special Education. The Department has already completed coursework for its first batch of Ph.D scholars. The Department has also a vision of offering M.Phil and B.Ed/M.Ed courses in near future. And it aims at preparing the students in such a way that they may serve the humanity alongside their academic excellence.

3.11 DEPARTMENT OF GEOGRAPHY

The post graduate Department of Geography of the University of Gour Banga started its journey since January, 2012, with four faculty members and forty students under semester system. At present the department of Geography is consisting five faculty members and forty nine students in each semester. The department of Geography offers not only PG Course but also Ph.D. Programme. The department is well equipped with RS & GIS Laboratory, Soil and Environment Laboratory, Research Laboratory for Ph.D. students, Smart Class Room and a Library. Department offers fix Special Papers viz. 1) Geoinformatics 2) Fluvial Geomorphology 3) Advanced Geomorphology

4) Geography of Development and Under Development and and 5) Population and maternal health studies.

11. Best practices of your department (1 to 3):

- Students have been motivated to apply geographical knowledge for addressing diversified local issues like: 1. Flood inventory mapping, 2. Changing status of mango economy, 3. Wetland, 4. Bank erosion 5. Livelihood vulnerability, 6. Charland, 7. environmental refugees, 8. maternal child health issues etc.
- 2. Increasing student engagement with academic study through best practice approaches like term paper presentation, student's seminar to support students to become independent learners. Evolving our approaches to teaching and learning, in particular incorporating the wider use of ICT, software's To enhance the skills of the students and research scholar they are encouraged to participate in various skill enhancement programme like Python, R studio etc.
- **3.** Hands-on-training on Geospatial technology to the students for enabling them with contemporary advance research and jobs in different government and non-government sectors. Best term paper and dissertation award general and for female for encouraging them in research work. Awarding female students can really encourage them in this progress. Department has received good result of this practice. Female students are also now interested to come into research in these backward areas.

3.12 DEPARTMENT OF HISTORY

The Department is running two courses at present, first semester and third semester. Total seventy two students have been enrolled in this current academic year in the First Semester course and eighty two students in the Third Semester course. In 2014, the Department successfully completed Ph.D course work and started the Ph.D programme. Apart from academic achievements, the Department has conducted one international conference on the history of modern Bengal. Scholars from India and Bangladesh took part in the conference and exchanged academic ideas. The Department took initiatives in promoting the history of this region and conducted series of lectures on relevant issues. The students of the Department made their mark in different co-curricular activities including sports and cultural programmes.

7. Best practices of your department (1 to 3):

- 1. The personal development of the students is always the focal point of the teachers and through various Internal Evaluation such as student seminar, viva-voce, extempore, group discussion, they improve the self-confidence and the ambition among the students
- 2. Along with the class lectures and discussions, the teachers always engage themselves with the substantial research activities, thereby enriching their educational profile.
- 3. Students are always given prioritiy for their study and teachers are always ready to provide them suggestions.

8. Other Significant Information (if any)

Due to the counselling of the teachers the number of students clearing NET/SET and various services like SSC, CSC are growing each year.

3.13 DEPARTMENT OF LAW

Taking into consideration the interest of local people in law and legal profession, the Gour Banga University resolved to establish a Law Department in the University to impart higher education in Law. Ultimately the Department of Law was established in 2016 with the appointment of two permanent Assistant Professors for the Department of Law with total intake of 20 students. The Department of Law is running two years LL.M. Course with CBCS Semester system. It has also opened Ph.D. programme in 2018. In March, 2018 three students have been admitted in the department for Ph.D. Course Work under the Ph.D. Programme. Becouse of the shortage of teaching faculty we cannot have specialization in LL.M., but the Department is looking forward to have more faculty in near future to start specialization on different stream of law. The moto of the Department is not only to impart advance legal education but also to fulfill the aspirations of local people of Malda. Till now

three students have qualified for th State Eligibility Test (SET), two have qualified for the National Eligibility Test (NET), and two students are pursuing their Ph.D. research work at IIT Kharagpur. Additionally, one student has secured a position in a government school, while several others are engaged in teaching as Assistant Professor in different Law Colleges.

3.14 DEPARTMENT OF LIBRARY AND INFORMATION SCIENCE

The Department of Library and Information Science is one of the recently established departments at University of Gour Banga, Malda. The department started its journey in the year 2016 and was inaugurated by the then Hon'ble Vice Chancellor Prof. Gopal Mishra. Since then the department has been engaged in imparting education, training, and facilitating research in the field of Library and Information Science. A number of students of this department qualified UGC-NET, West Bengal SET examination. A few of our students have been selected for internship and further training in prestigious institutions like IITs and National Library, Kolkata. Also, students secured job in institutions like IIT, Kharagpur, ISI, Kolkata and Azeem Premji University, Bangaluru.

3.16 DEPARTMENT OF MATHEMATICS

The Department of Mathematics, University of Gour Banga currently has five Faculty members. The Department provides two Academic Programs: M.Sc. and Ph.D. The intake of the M. Sc. Course is 75 students per year. The students are admitted to M.Sc. course purely on merit basis. The Department starts conducting Course Work for Ph.D. students under the new regulations of U.G.C. Teaching load is fairly good, typically a Faculty member teaches three or four courses simultaneously, and possibly two Labs in a year. The Faculty members combine their commitment to research with a devotion to teaching. Our Faculty members are committed to mentoring and working closely with students, emphasizing the development of critical thinking and problem solving skills as part of broader disciplinary and interdisciplinary proficiencies. We pride ourselves on providing students with the opportunity to engage in hands-on educational experiences through participation in faculty-led seminars/projects and apply academic concepts, strategies, and techniques to serious Mathematical problems. Some of our Faculty members have recently achieved prestigious and highly selective Research Fellowships, and all are committed to offering the best possible teaching in the fascinating field of Mathematics. The Faculty members are nationally and internationally known in their fields for their scholarly work. Faculty research interest spans a wide range: from abstract theory of Mathematics to applicable problems of immediate interest to industry. Current areas of research can be broadly classified into the following categories: Differential Geometry, Fluid Dynamics and General Topology. The faculty interacts with several national and international bodies, research centers and Universities in the capacity of organizers, external experts, editors, referees and reviewers for research journals in Mathematics in addition to participating and lecturing in conferences.

3.17 DEPARTMENT OF PHILOSOPHY

The Department of Philosophy of the University of Gour Banga was established in 2012. The first day of starting classes of the department was 19th January, 2012. It was held in two rooms of Satya Chowdhury Stadium, Malda, rented by the university, along with two Assistant Professors: (1) Dr. Sukumar Chandra Roy, (joined on 14.01.2012) and (2) Purbayan Jha, (joined on 16.01.2012) and 70 students. So, the day was historically important for the department. In the next month i.e. in February, 2012, Dr. Ruchira Majumder joined the department as Associate Professor of Philosophy. With these three faculty members the department started its journey. After 1 semester year, the department had shifted to the main campus of the university in the *Dr. A. P. J Abdul Kalam Bijnan Bhavan and* finally to *Acharya Binoy Kumar Sarkar Kala Bhavan*, the Humanities Building of the university at the end of the year 2015. In the meantime, Dr. Jhadeswar Ghosh joined as Associate Professor in September, 2014. The department has also got two more faculty members by the fag end of 2015. Now the total strength of faculty members is five (5). The department offers a syllabus which stimulates the students to think critically on the philosophical problems. The key philosophical areas of study such as epistemology, logic, ethics, metaphysics, philosophy of language are studied both from Indian and Western perspectives, as well as modern Indian thinkers, aesthetics, continental philosophy, philosophy of mind and many more are there in the syllabus with updated developments in those areas. The faculty members are actively engaged in research works and eminent philosophers are invited as visiting faculties to deliver special lectures which enable the students to have sufficient exposure to the domain of knowledge.

10. Best practices of your department (1 to 3):

- The syllabuses in the post graduate and research course work programme are designed in such a way to make the students study and delve into the ideas of the classical and contemporary thinkers both in the Indian and the Western philosophical traditions. Students also get an idea to relate the themes into practical life and for individual and social well being, with awareness of the surrounding world and the environment. The normative and applied contents of philosophy are taught to the students.
- 2. Regular classes and monitoring of the students, research scholars take place. Department conducts tutorial classes and examinations, seminar presentation and viva-voce for the students
- 3. Many renowned scholars of philosophy are invited as visiting faculty, for delivering extension lectures and special lectures and in seminars so that students and research scholars of the department get a lot of exposure.

3.18 DEPARTMENT OF PHYSICS

The post graduate Department of Physics of the University of Gour Banga started its journey since January, 2012, with three faculty members and twenty students under a two-year-four-semester process. The faculty members have furnished the whole PG course and have built up general physics laboratory, electronics laboratory, optics laboratory, general computer laboratory and special computer laboratory which are running satisfactorily. Besides, arrangement of more experimental setup is under progress to run the laboratories in full swing. The department arranges guest faculties affiliated to renowned universities for extended lectures on some of the topics.

3.23 DEPARTMENT OF ZOOLOGY

The Department of Zoology of this University was running with three faculty members, Dr. Shyamapada Mandal, Dr. Kaushik Chakraborty and Mr. Subhrajyoti Roy, until a new faculty Dr Anjali Rawani joined on March, 2016. The development and establishment of the Department, with its all mechanisms, is progressive and a plan wise, with a view to establish outstanding academic vibes at all the levels: teaching as well as research. This Department is equipped with some modern instruments for PG, M Phil and Ph D studies.

The Department has organized three seminars (two University level and one National level) funded by the University of Gour Banga, Malda, in the current session. One journal *Biological and Biomedical Science Bulletin* of the Department has been published, already with its second volume (proof stage).

The work for admission into Ph. D (Science) research in the Department of Zoology as well as for registration in the same has been done for the very first batch. The M. Phil (Zoology) course has also been started with seven students in the first batch. One very important and emerging key feature of the PG Zoology study is to perform experimental project works with their study in special papers: Entomology, Immunology and Microbiology, some of the outcome of which have already been published in scientific journals of repute.
