*About the University*

*The University of Gour Banga is a public state university located in Malda, West Bengal, India. It is one of the newest state universities established in 2008 by the Government of West Bengal on Act XXVI 2007. The university completed its establishment in 2008 by the Government of West Bengal. At present there are 23 PG departments running with near about 2500 enrolment. 25 General degree colleges and 01 Law college with enrolment of about 2.50 Lakhs in Malda, Uttar Dinajpur and Dakshin Dinajpur districts are affiliated under this university.*

## Editorial Desk

*As we prepare ourselves for another year full of academic activities and scholarly excellence, it is time to take a retrospective glance at what we have achieved this year, as well. It's been a year full of challenges and moments of growth—both at the institutional level and for the people who make up the University of Gour Banga. Our collective efforts have shaped a year worth remembering and documenting.*

*It gives me immense pleasure to present before the University of Gour Banga newsletter for 2019. The following pages reflect on and summarize a year of academic achievements and scholarly pursuits in different disciplines of our university. The faculty members of the various departments of the University of Gour Banga have contributed cutting-edge research in their respective fields, while the administrative departments have worked hard to support excellence in education and research. Our students have been at the heart of these endeavours. Not only have they contributed positively to the teaching-learning process and research, but they have also been at the helm of various cultural programs and social outreach missions through the different extra-curricular bodies of the University.*

*Together, we hope to step into newer frontiers of teaching and research excellence.*
